CAREER OBJECTIVE:

To commence my career in a dynamic and innovative environment, leveraging my skills to grow as an IT professional while contributing to the organization's success.

AREAS OF INTEREST:

- Artificial Intelligence .

EDUCATION:

B.E.(CS&E) Bapuji Institute of Engineering and Technology, Davangere 577 004 Visvesvaraya Technological University, Karnataka, IND	May-2025	8.3 CGPA10
CLASS 12 / PUC / INTERMEDIATE (PCMCs) Sri Siddaganag PU Science college , Davangere 577004 Karnataka Board of the Pre-University Education, Karnataka, IND	Mar-2021	92.0 %
CLASS 10 / SSC / METRIC (MATHEMATICS,SCIENCE,SOCIAL,ENGLISH) Bapuji Higher/Primary English Medium School, Davangere 577003 Central Board of Secondary Education, IND	Mar-2019	88.4%

SKILLS

- Programming languages: C, Python.
- Database technologies: SQL.
- Core programming: Data Structures and Algorithms.
- Development process: Agile Methodologies.
- Data Analysis and Visualization: Power BI, Excel

LANGUAGES:

	Proficiency	Read	Write	Speak
English	Excellent	Excellent	Excellent	Excellent
Hindi	Fluent	Fluent	Fluent	Fluent
Kannada	Excellent	Excellent	Excellent	Excellent

CERTIFICATES:

- MongoDB in Python: MongoDB University, Issued on Nov-2024.
- AI Foundation Certification: Infosys Springboard, Issued May 2024
- Python Programming Language: Hackerrank,Udemy Issued on Jan-2023.
- Problem Solving Through Programming In C: NPTEL, Issued on Jan-2023.
- Certificate for Publishing paper entitled "CYBERBULLYING PREDICTION USING DEEP LEARNING" in IJIRCCE, Volume 13, Issue 5, May 2025

PROJECTS:

"Feel free to explore my portfolio: <https://thejaswinichinivar.github.io/Portfolio/welcome.html> "

Project 1: Shortest Path Algorithms Visualization

- Technologies: Python, Tkinter, PyCharm
- Description: Implemented BFS, Dijkstra's, A*, and Swarm Intelligence algorithms for optimal pathfinding across diverse graph structures. Developed a GUI-based visualization tool for performance analysis.
- Role: Project Lead.

Project 2: Full Stack Online Complaint Registration System

- Technologies: HTML, CSS, JavaScript, Java, MySQL
- Description: Developed an online complaint registration system with user authentication and database management using Java and MySQL.
- Role: Database management.

Project 3: Setting up CI/CD Pipeline for Automated Deployment

- Technologies: AWS, Django, SQLite, Jenkins, Docker
- Description: The proposed CI/CD pipeline automates code builds, testing, and deployments to staging and production environments. It leverages tools like Jenkins, Docker, Kubernetes, and Terraform for infrastructure management.

Project 4: Cyberbullying Prediction Using Deep Learning

- Technologies: Python 3.8.10(and it's libraries such as TensorFlow , NumPy , Pandas , Scikit-learn, Flask), HTML, CSS
- Description: Develop an research based system which uses a deep learning-based hybrid CNN-BiLSTM model to detect cyberbullying in social media text. It combines CNN's feature extraction with BiLSTM's contextual understanding.

INTERNSHIPS:

- Full Stack Web Development With Java and MySQL at I Sans Technologies, Davangere, April 2024-May 2024.
- AI Devops and Tools at VTU WIINER Program: Rooman Technologies, September 2024 — January 2025

ACHIEVEMENTS & RECOGNITIONS:

Academic:

- Internal hackathon for Manthan 2022.
- Worked as **College Ambassador Intern** at **Rooman Technologies** during VTU WINNER Internship Program
- Participated in NIRMANA-5.0 In-House project exhibition conducted at College level

Month & Year

Mar 2022
Sep 2024
May 2025

Sports:

- Participated and secured 3rd place in District level Abacus Championship
- Participated and secured 2nd place in District level Horse-Riding .

Month & Year

Jan 2019
Nov 2017

PERSONAL STRENGTHS:

- Problem-solving and Analytical Thinking.
- Strong Communication and Collaboration Skills.
- Time Management and Leadership Qualities.
- Adaptability and Continuous Learning.

INTERESTS AND HOBBIES

1. Singing
2. Painting
3. Exploring IAS and IPS Interviews

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.
